December 21, 2021

Dear Faculty, Staff, and Parents:

The Asbestos Hazard Emergency Response Act (AHERA) requires our school to notify the faculty, staff, and parents of the presence and status of asbestos containing materials in our school buildings. The law further requires a management plan based upon the findings of the initial inspection.

We have completed the required six months surveillance for December 2021. We will complete the next surveillance in June 2022.

The results of the recently completed surveillance indicate there have been no changes in the condition of the asbestos containing materials in our school buildings.

A copy of the inspection report and the Asbestos Management plan is available for your review in our office during normal school hours (7:30am to 4:30pm).

Sincerely,

A handwritten signature in blue ink, appearing to read "Gregg Yonemori".

Gregg Yonemori
Principal
