

# SELECT-TO-SPEAK ON A CHROMEBOOK

1. Go to Settings on the bottom right corner of screen.
2. Click the Menu (3 horizontal lines) in the upper left corner next to the word Settings
3. Select "Advanced"
4. Select "Accessibility"
5. Select "Manage accessibility features"
6. Enable select-to-speak
7. Once enabled, click the icon for Select-to-Speak in the bottom right corner and then draw a box around or highlight the portion of the text on your screen that you need help reading.
